CCI Group Announces Establishment of CCI Cross-Border, Inc.

CCI Group, Inc. (President & CEO: Shuji Tsuemura) announces the establishment of CCI Cross-Border, Inc. (“CCIX”), a wholly owned subsidiary, effective April 1, 2026.

1. Background

The Group has built a strong business foundation rooted in local communities, while steadily expanding its overseas activities.

Following the transition in 2025 to a two-brand structure—“CCI Group” and “The Hokkoku Bank”—the Group has established CCIX as a dedicated platform to oversee and accelerate its overseas business with greater speed and strategic focus, supporting sustainable long-term growth.

2. Role of CCI Cross-Border

CCIX will serve as the Group’s core platform for cross-border investment and financing activities.

Together with its overseas subsidiaries, CCIX will invest in and provide financing to companies primarily across Southeast Asia and Africa, deploying capital to capture emerging economic and technological trends.

Through these activities, CCIX will enhance value creation across the Group and contribute to the sustainable development of regional communities.

The name “CCI Cross-Border” reflects the Group’s ambition for CCIX to act as a global gateway for the CCI brand, while pursuing new business opportunities beyond national borders and industry boundaries.
